# Mapping: Access Brand Mapping

Tap Unit Setup

Tap Brand Mapping

# Mapping: Mapping Brands to Valves

You will now use your brand map previously created to map the correct brand to the correct valve.

Tap on the  symbol for the valve you are mapping.

**Note:** You have to map the left and right side. To switch between sides, tap the appropriate bubble next to MFV LEFT or RIGHT

Allow the brand library to appear and tap on the correct brand to map that valve. Repeat for remaining valves. If you select the incorrect brand, simply tap the incorrect brand and select the correct brand.

Tap save once complete

# Mapping: Copy to Other Side (if applicable)

If the brand mapping is identical on each side (mirroring) you can select  
Copy to Other Side

Tap Copy to Other Side

Tap Yes to confirm

**NOTE:** Check the left and right side to  
confirm the brands were successfully copied

NEXT >

# Mapping: Removing a Brand from Brand Mapping

If needed, you can delete a brand from the brand mapping

Tap on the  icon to activate

Tap on the brand you want to delete.  
Tap on the  icon to deactivate  
Tap on save

# Mapping: Access Flavor Mapping

Select Unit Setup

Select Flavor Mapping

# Mapping: Mapping Flavors to Valves

You will now use your brand map previously created to map the correct brand to the correct valve.

Tap on the empty square for the valve you are mapping.

**Note:** You have to map the left and right side. To switch between sides, tap the appropriate bubble next to MFV LEFT or RIGHT

Allow the flavor library to appear and tap on the correct brand to map that valve. Repeat for remaining valves. If you select the incorrect flavor, simply tap the incorrect flavor and select the correct flavor.

Tap save once complete

# Mapping: Copy to Other Side (if applicable)

If the flavor mapping is identical on each side (mirroring) you can select  
Copy to Other Side

Tap Copy to Other Side

Tap Yes to confirm

**NOTE:** Check the left and right side to  
confirm the flavors were successfully copied
