

## TECHNICAL SERVICE BULLETIN

**Product:** Cornelius Viper – All Models  
**Subject:** Condenser Fan Replacement PN 2623515  
**Date:** 3/22/2023

### Overview:

We have created a **new** Condenser Fan PN 2623515 that replaces all prior Condenser Fan PNs. This new fan can be used as a replacement on all Viper models.

### Notes:

The new fan requires a 3µF run capacitor to replace the original 4µF capacitor. PN 2623515 ships with both the fan and the necessary capacitor, so no additional parts need to be ordered.

| Viper Type     | SN  | Original Condenser Fan PN         | Replacement Condenser Fan PN |
|----------------|-----|-----------------------------------|------------------------------|
| 2 Barrel, 60Hz | All | 629096902 / 620073140             | 2623515                      |
| 3 Barrel, 60Hz | All | 629096902 / 620071572 / 620073140 | 2623515                      |
| 4 Barrel, 60Hz | All | 629096902 / 620071572 / 620073140 | 2623515                      |
| 2 Barrel, 50Hz | All | 629096902 / 620071572             | 2623515                      |
| 3 Barrel, 50Hz | All | 629096902 / 620071572             | 2623515                      |
